Expectations

Wamego Online Learning Lab provides a unique opportunity for learners to take responsibility for their own learning in an online school. The curriculum used by Wamego Online Learning Lab is a rigorous curriculum that is aligned with Kansas State Standards.

All learners that choose to participate in the Wamego Online Learning Lab are expected to be motivated to take charge of their own learning and work responsibly. In order for learners to achieve, Wamego Online Learning Lab has high expectations of its learners in the areas of attendance, academic honesty, internet use and behavior while on campus.

Attendance Requirements

Wamego Online Learning Lab expects all learners to be engaged online a minimum of 25 hours a week or to make their weekly goals as assigned by the Director. As learners work to develop a routine of working online, they will not only achieve more success, but also learn more content on their road to success. Wamego Online Learning Lab provides courses to meet academic standards of each content area.

Learner hours will be tracked by the Lab Director on a daily and weekly basis.

If a student has been inactive for one week, does not make their weekly goal, or has failed to contact the Director; the following protocol may be utilized:

- | | |
|-----------------|---|
| <i>1st step</i> | Email Reminder |
| <i>2nd step</i> | Phone Call and conference with student |
| <i>3rd step</i> | Students who have not made their weekly progress goal for 3 consecutive weeks will have their edgenuity account deactivated. Their account will be reactivated once they meet with the virtual school director to discuss their progress and goals. |

Cumulative exams will be taken in the Wamego Online Learning Lab room.

When learners arrive at campus, they are to enter and exit Wamego Online Learning Lab only through the exterior door. Learners are not to be wandering the hallways or on the campus of Wamego High School during the school day. If learners are found to be on the campus of Wamego High School, other than in the Wamego Online Learning Lab room, they may be removed from the school.

Policies

Acceptable Use Policy for USD 320:

Inappropriate use of internet can result in dismissal from this school on the first offense.

Wamego USD 320 is working to provide access to information retrieval systems for all students, faculty, and staff. Information retrieval systems is a term which includes all existing technologies related to computers and the Internet as well as terms to be developed in the future related to this technology. Students must have permission from at least one of their parents or guardians to access these information retrieval systems at school.

The use of information retrieval systems is a privilege, not a right, and inappropriate use will result in the termination of those privileges and/or disciplinary action by school officials. A student's activities while using an information retrieval system in the school must be in support of education and research, and consistent with the curriculum outcomes of the Wamego school system. When using another organization's networks or computing services, students must comply with the rules appropriate to that network.

The following actions constitute unacceptable use of an information retrieval system whether that use is initiated from school or any other site:

- using impolite, abusive, or otherwise objectionable language in either public or private messages
- using an information retrieval system for non-school related activities
- using an information retrieval system illegally in ways that violate federal, state, or local laws or statutes
- placing unlawful information
- sending messages likely to result in the loss of the recipient's work
- sending chain letters or pyramid schemes to lists or individuals
- using for commercial purposes
- using for political lobbying
- altering any file that does not belong to the user
- sending or receiving copyrighted materials without permission
- knowingly giving one's password to others
- using another's password
- sending or receiving pornographic material, inappropriate text files, or files dangerous to the integrity of the network
- circumventing security measures on school or remote computers or networks
- attempting to gain access to another's resources, programs, or data
- vandalizing or any malicious attempt to harm or destroy data of another user which includes the uploading and creation of computer viruses
- falsifying one's identity to others
- giving your name, address, password, or personal information (use only your system ID)
- downloading or installing any commercial software, shareware, or freeware unless directed to do so by school personnel
- subscribing to List-serves, UseNet news, and discussion groups unless allowed by school personnel

Three levels of punishment may be enforced by the administration. While the levels might be implemented in order, the administration reserves the right to implement an appropriate level determined by the facts and severity of the violation. Levels are as follows:

Level 1: Warning

Student would lose access to the information retrieval system until a parent conference is held. Any additional loss of privileges as determined by the administration will be discussed at this conference.

Level 2: Pattern of abuse, repeated abuse, or flagrant violations

A student, who, after a Level 1 warning, continues to engage in serious or persistent misbehavior by violating the district's previously communicated written standards of conduct, may be removed from any information retrieval system privileges for the remainder of the school year or remaining school years and recommended for suspension.

Level 3: Expellable offense

Student could be expelled from school if he/she engages in conduct on an information retrieval system that contains the elements of the offense of criminal mischief, as defined by state and federal law. Any student expelled for misuse of technology will also lose computer privileges for the remainder of the school year or school years.

Age Limit:

19 and under students must have completed at least 11 credits or have administrator approval to enroll in the Wamego Technology Center.

Alcohol:

Use of alcohol is not allowed on the school grounds and is grounds for dismissal from the school.

Attendance:

Students are encouraged to be actively engaged in online work for a minimum of 25 hours a week, or complete their weekly goal as assigned by the virtual school director in accordance with their graduation plan.

Students who are not meeting their weekly goals will be required to meet with the virtual school coordinator. If they fail to meet with the coordinator, their edgenuity account will be shut down until that meeting takes place.

Attendee phone calls are permitted outside only.
Learners may listen to music through headphones if not distracting to the group.

Cheating:

Academic cheating can exist in many forms and is considered a serious offense. If learners copy work from another person, share answers with other learners, use answer sheet on tests, or do not complete the online lessons themselves, it may be grounds for dismissal from the school.

Contract:

Virtual school students will sign a contract indicating that he/she will abide by all rules or be dismissed from the school. Students must also show consistent progress towards their graduation plan or may not be allowed to re-enroll in the virtual school the following semester.

judgment on the student's part or otherwise impedes the learning process or interferes with the safe and orderly environment intended for the school.

Two warnings will be issued followed by dismissal from the school.

Drug Free Policy:
